

## Masonic Book Club

The design of the Masonic Institution is to make its votaries wiser, better, and consequently happier. One way we can become wiser and improve in personal growth is by acquiring new knowledge. With that goal in mind, Robert M. Sirkle Lodge No. 954 has created a Book Club to explore legitimate literature about Freemasonry.

If you are a Master Mason interested in gaining new knowledge about the Fraternity of Freemasonry or perhaps want to acquire a greater understanding of the Order, then come join us as we explore our history, rituals, and practices.
